

Department of Psychology, University of Manitoba
Brain and Cognitive Science, Assistant Professor - Position #29509

The [Department of Psychology](#) at the [University of Manitoba](#) invites applications for a Tenure-Track Assistant Professor in the area of Brain and Cognitive Science. Review of applications will begin on December 7, 2020 and the appointment has an anticipated start date of July 1, 2021.

We seek a colleague with an active and promising program of research in any area of Brain and Cognitive Science, with preference for candidates whose research program will enhance the Brain and Cognitive Science program area's intellectual, technological and methodological diversity.

The successful candidate will be expected to develop an internationally competitive research program, attract external funding, teach undergraduate and graduate level courses, supervise graduate and undergraduate research, and contribute to departmental service.

Candidates must have a PhD in Psychology or a related field completed at the start date of the appointment. Postdoctoral or equivalent experience will be considered an asset. Preference will be given to candidates with demonstrated research excellence, including a track record of peer-reviewed publications, a record of presentations at national and international conferences, and the potential to attract external grant funding. Preference will also be given to candidates with evidence of prior teaching excellence or potential for future teaching excellence. Salary will be commensurate with qualifications and experience.

The University of Manitoba is the province's largest research-intensive University. The Department of Psychology is the largest academic unit in the Faculty of Arts at the University of Manitoba with 34 faculty members, 14 support staff, over 110 graduate students, and ample space for offices, laboratories, and classrooms. More information about the University, the Department, the City, and the Province can be found at the links below.
