

Canadian Neuroscience Meeting 2013

CAN 2013

May 21-24, 2013 - Toronto

BRAIN AWARENESS/OUTREACH: Connecting with our communities

Organizer: Centre for Neuroscience Studies at Queen's University

Location: Sheraton Hall A

Date and Time: Thursday, May 23rd, 2013 5:30—6:30 pm

Session Type: Guest Lecture and Poster Session

Guest Speaker:

Dr. Eric Chudler, PhD

Executive Director

Center for Sensorimotor Neural Engineering

Research Associate Professor, Department of Bioengineering, University of Washington

**“Brain Awareness for All: Neuroscience Education
and Outreach Across the Globe”**

Please join us and share your outreach experiences. Immediately following Dr. Eric Chudler will be a poster session and refreshments where we invite you to share your Brain Awareness Week and Outreach initiatives and successes in a casual social environment. If interested in a displaying a poster, please email Kelly Moore at kmm@queensu.ca with the authors name and institution.

We look forward to meeting you!
