Clinician Scientist Fellowships

Neuroscience and Mental Health Institute

The Neuroscience and Mental Health Institute (NMHI) at the University of Alberta is offering two fellowships to attract outstanding clinician scientists in training to the University of Alberta to conduct postdoctoral research in neurology and neuroscience: The Mildred I. Olsen Neurology Fellowship and The University Hospital Foundation Neurology Fellowship.

The NMHI is a multi-faculty, interdisciplinary teaching and research institute located at the University of Alberta. It is home to over 150 scientists and clinicians, spanning across all areas of neuroscience and mental health.

Eligibility
To apply for this competition:

- Your supervisor must be a member of the NMHI (applicants must identify and contact a potential NMHI supervisor before applying);
- You must hold an MD and plan to work in an area that falls within the NMHI research areas;
- You must provide a complete application form along with all required accompanying documents.

Award Details
The Mildred I. Olsen Neurology Fellowship and the University Hospital Foundation Neurology Fellowship will be awarded for a term of one year. The value of each fellowship is $70,000 to be used towards salary costs; supervisors are responsible for benefits. The awards are tenable at the University of Alberta.

Application
Please visit the NMHI website for details on how to apply.

Deadline to apply: August 31, 2021
