

Together, we are  
the heart of health care.

## Job Posting: Neurologist (General & Stroke Specialist)

**Location:** Abbotsford Regional Hospital and Cancer Centre (ARHCC)

Fraser Health is seeking a General Neurologist and a Stroke Specialist Neurologist to join the team of five neurologists at Abbotsford Regional Hospital. In this role, you will oversee the implementation and growth of inpatient stroke services, provide general neurological inpatient consultations, and contribute to the hospital-based Rapid Access outpatient neurology clinics. Additionally, you will share calls for emergency acute stroke care and general neurology calls. There is also an option and encouragement to build a private office practice.

### Key Responsibilities

- Oversee the implementation and expansion of inpatient stroke services, ensuring high-quality care.
- Share in the call schedule for emergency acute stroke care and general neurology calls.
- Provide general neurological inpatient consultations and collaborate with interdisciplinary teams.
- Contribute to the hospital-based Rapid Access outpatient neurology clinics, improving patient access to timely care.

### About Abbotsford Regional Hospital

- A 400+ bed hospital affiliated with an attached Cancer Centre, offering comprehensive regional care.
- Equipped with 2 CT scanners, 1 MRI, outpatient Rapid-Access TIA, and general neurology clinics to support patient care.
- Full-time EEG and EMG labs available for diagnostic services.
- A designated thrombolytic site, providing critical care for stroke patients.

### About Fraser Health

- Fraser Health is the heart of healthcare for over two million people in Metro Vancouver and the Fraser Valley in British Columbia, Canada.
- The health authority operates 12 hospital sites, providing a broad range of specialized services across the region.
- Additional Neurologist openings are available at Royal Columbian Hospital and Surrey Memorial Hospital for further opportunities to grow your career.
- For more information on living and working in our region, visit Fraser Health Careers.

### Qualifications

- CPSBC Eligible for Full License or CPSBC Provisional License.
- FRCPC (Fellow of the Royal College of Physicians of Canada) or FRCPC Eligible.
- Eligible for ACGME (Accreditation Council for Graduate Medical Education) Pathway (completion of 4 years of residency and/or other post-graduate training in the US).

### Why Fraser Health?

- Join a collaborative, multi-disciplinary team in a supportive healthcare environment.
- Opportunity to contribute to the growth of key neurology services in a state-of-the-art facility.
- Enjoy a balanced and fulfilling lifestyle in one of Canada's most beautiful and desirable regions, with easy access to Metro Vancouver and the Fraser Valley.

If you are an experienced **Neurologist** seeking a dynamic and impactful role, we encourage you to apply and become part of our growing team at **Abbotsford Regional Hospital**.
