

Postdoctoral positions available in neuroimmunology in Calgary, Canada

The laboratory of Dr. Wee Yong (Pubmed: Yong VW or Wee Yong V) at the University of Calgary is recruiting postdoctoral fellows in neuroimmunology. The successful candidate is recently graduated or about to finish a PhD program. Available are several projects on the roles and mechanisms of neuroimmunology in mediating injury or recovery in multiple sclerosis. Please send your resume to [vyong@ucalgary.ca](mailto:vyong@ucalgary.ca). Calgary offers a world-class neuroscience program and superb indoor/outdoor activities.
